Gliders***

30th July – 7th August 2016

Vipava, Slovenia

Bulletin 2

Invitation

The Aero Modelling Club MD Ventus, under the auspice of the Aeronautical Association of Slovenia, is pleased to invite all FAI members to participate in the World Championships 2016. The event will be held at the MD Ventus Airfield in Vipava, Slovenia.

Contest Venue

The World Championship and Pre-competition will be held in Vipava, a lovely small town in western Slovenia (for a better perception of the airport, use GPS coordinates ([45°49'43.74"N](#), [13°56'56.60"E](#))). Our Club has a surface area for up to 14 landing spots, an 8000 m² surface for tents and a campsite.

There will be no 'no-fly' zones at our competition, which means there won't be any limitation as to where you can fly! The surface of the airfield is large enough to provide an interesting and invigorating competition. The event will be held at the peak of central Europe's summer, so that estimated temperatures are expected to reach about 30°C (and up to 35°C) and humidity levels about 60%.

How to Get Here

Slovenia has only one international airport (Ljubljana Jože Pučnik International Airport) but is easily accessible from neighbouring Venice, Vienna or Munich with a transfer to Jože Pučnik International Airport. Among neighbouring international airports, the closest option is Venice Marco Polo, which is just a two hour drive from the Vipava airfield. A highway exit leading directly to the airfield is accessible from both directions off the main highways - Venice (A4) and Ljubljana (A1). Your trip to the venue should therefore be pleasant and convenient.
